Who is Mosaic?
The Mosaic Company (www.mosaicco.com), NYSE: MOS, headquartered in Minneapolis, Minnesota, is a $10 billion company that stands alone as one of the world's leading producers of concentrated phosphate and potash crop nutrients. Our world-class mining and processing operations produce the highest quality fertilizer and animal feed ingredients. As a global leader in nourishing crops and delivering distinctive value to the world's agriculture, Mosaic offers an opportunity to share in an exciting future.

What are our Values?
We consider our employees to be our most valued ingredient. Mosaic employees are richly diverse in their skills, experience and backgrounds. From engineering, operations, finance, HR, marketing and research, our team came to Mosaic not just for a job but a career that makes a positive impact on the world by nourishing the crops our growing population needs.

Are you our next team member?
We are currently seeking an Occupational Health Nurse for our Esterhazy, Saskatchewan location. Primarily, the position will provide occupational health services to the Esterhazy Operations, including Dynatec/Procon as possible. Services include hearing and lung function testing, managing interactions with WCB, providing first aid training, etc. This position will also work closely with the Security contractor and assist with workplace injuries as available.

What will you be working on?
- Co-ordinate with Emergency Response Specialist to organize, schedule and deliver CPR, First Aid, First Responder and EMT training, and assist with specialized emergency response training for Mine Rescue and Surface Fire teams.
- Schedule and deliver Hearing & Lung Function testing and do Respiratory Fit testing to employees as per Sask Mine Regulations. Liaise with local physicians as "medical practitioner" as defined by CSA standards for audiology and fit testing.
- Clerical - enter incident reports into the corporate AON Risk Management system, producing required reports for SMA, MSU, PBU from Kronos data. Track and file site safety meeting minutes. Manage the process for
employees to acquire prescription safety glasses, including invoicing and reimbursement programs.

- Administer first aid to injured workers. Respond to plant site incidents with the emergency vehicle and/or trauma gear. Accompany serious cases to hospital. Ensure adequate First Aid and health supplies are maintained at the Security Area through Maximo. Keep all site A600 bags in good condition and manage the program to ensure bags are current and properly stocked, including organizing O2 cylinders to be hydro tested.
- Develop, implement and sustain a Health and Wellness program for the facility.

What is required for this role?

- Registered Nurse is required (preferably with Occupational Health experience and training), Spirometry & Audiometric Technician, First Aid/CPR/First Responder/AED Instructor, Respirator Fit testing.
- Ability to manage areas of accountability with minimal daily direction.
- Experience handling WCB cases would be an asset.
- Proficient in Microsoft Office and other Mosaic software is preferred.
- Strong organizational and inter personal skills are required.

Where will you be working?

Mosaic Potash Esterhazy is an underground potash mine located 90 kilometers south of Yorkton, Saskatchewan. Its split between two mine sites - K1 which is located 6km northeast of Esterhazy and K2 which is approximately 6 km east of Esterhazy. The two mines at Esterhazy are interconnected. Together they produce more potash than any other mine in the world making Esterhazy the “Potash capital of the World”.

What do we offer?

Our ground breaking opportunities offer exciting career growth; competitive pay and benefits; opportunity to work with a global leader on exciting projects and much more. Our employees help the world grow the food it needs.
